WELCOME

With high pitch rooflines and a distinctive Pacific blend of architecture, Royal Davui offers guests a new level of Fijian luxury and elegance. The natural materials used in the creation of Royal Davui radiate a unique softness not found in any of today's tile and marble designs.

TRANQUIL AND LUXURIOUS SIMPLICITY

“The opulent feel extends to the resort’s restaurant... another magnificent feature of Royal Davui”

- Sunday Telegraph

DINING

Surrounding an ancient Banyan tree the Banyan Restaurant offers guests an al fresco gourmet dining experience. The Davui chefs take great pride in utilising local ingredients and fusing them with cooking style from across the globe. Dining is done separately with most guests socialising for sunset cocktails before heading off to dine at their leisure.
